### **FOREWORD**

"to learn--

Education is an apprenticeship of life. With the guidance of the faculty, a student develops desirable traits and characteristics necessary for a successful life.

to live --

Life isn't counted by the years at Batesville. Each student lives a life of tension, fear, excitement, happiness, and anxiety. With maturing, his interest, values, and ideas change.

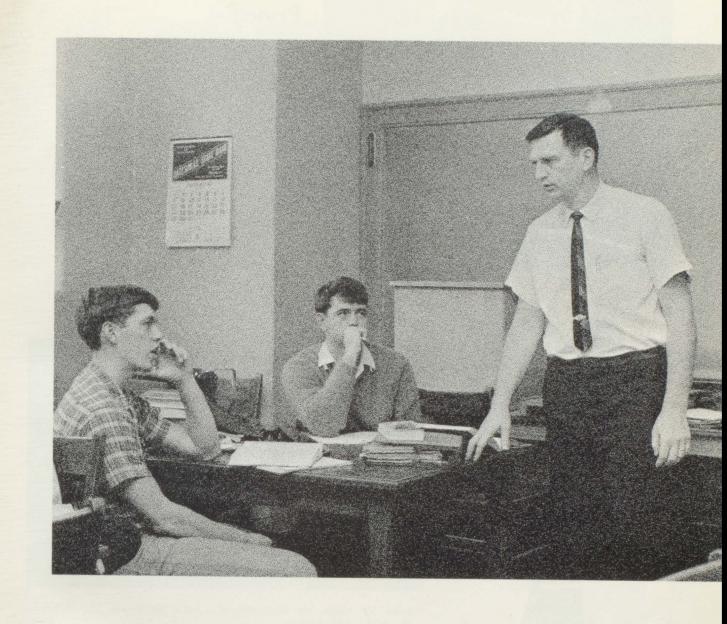

to laugh--

Laughter is natural to everyone. A student's pressures are dispelled by laughing. The moments of laughter at B.H.S. are long remembered.

The experience of a lifetime is complete."
